

Knowledge is Power.

Impact the Opioid Crisis Across Virginia!

Join us for the Virginia Opioid Addiction Project ECHO (Extension of Community Healthcare Outcomes), a collaborative exchange of knowledge among providers across the Commonwealth. This innovative CE activity is open to all practicing and licensed MDs, DOs, and community-based clinicians. This is the first of 20 new TeleECHO clinics in 2018 and 2019, led by the physicians of VCU Health.

Fentanyl derivatives: The elephant tranquilizer in the room Friday, November 2 from 12 p.m. to 1:30 p.m.

via videoconference | no cost
Sessions held bi-weekly Fridays

For more information and to RSVP: projectecho@vcuhealth.org

Impact the Opioid Crisis Across Virginia!

- **Network:** Join the movement! Engage in a collaborative community with your peers.
- **Participate:** Listen, learn, and discuss both didactic and case presentations in real-time.
- **Present:** Take the opportunity to submit and discuss your de-identified case study for feedback from an addiction specialist team.

Benefits of joining:

- No cost
- Improve patient outcomes
- Two-way video conferencing
- Case presentation with subject matter experts
- Didactic presentation
- Provider networking and knowledge share

Earn CME credits to meet Board of Medicine requirements

VCU Health Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. This activity has been approved for **AMA PRA Category 1 Credit™**.
